

Santa Rosa Quilt Guild

Block of the Month

August - Chocolate

Due Sept 3rd

Supplies:

Two different fabrics -

One light color - beige, cream, or light brown

the other a dark color - a dark brown/chocolate (with a touch of black)

Cutting:

For one block cut from either the dark fabric or the light fabric

8 - 3 1/2" squares

and

5 - 3 1/2" squares from the other fabric

Assemble:

Place right sides together, 1 dark & 1 light, then draw a diagonal line

on the back side of the light fabric

Next, sew on the diagonal line, then cut the fabric 1/4" off from the line.

Then unfold and press towards the dark

Make four of these blocks, which will measure 3 1/2".

Refer to the diagram for placement of squares for assembling and sewing for completing the block.

The completed block will measure 9 1/2" unfinished.

Making a light block and a dark block will give you a secondary block in the quilt.
